God has 'equipped you for more'.

That day, over 7 years ago in his office in Townsend Street, Brother David did not take long to banish the word 'retirement' from my lips. He was quick to tell me that he wasn't about to retire; rather, he was stepping down as leader of Divine Healing Ministries so that he could 'do what God had called him to do' ... and he wanted me to help him do it!

After spending 3 months in prayer in early 2018, Brother David began to meet with me on a regular basis from April of that year to discern what it was that God was calling him to do and to seek God's wisdom as to how we might proceed.

By August 2018 we had established Equipping for Life, set up a Board of Trustees and appointed Pat Hutchinson as our first staff member!

Since then it has been my joy, initially as an Board Advisor and then as Trustee, to journey alongside Brother David and the Equipping for Life Trustees, Staff and Volunteers as we have seen hundreds of children 'equipped for life' in primary schools across Northern Ireland.

In June 2025 I stepped down as a Trustee as I now spend a significant part of the year travelling overseas encouraging, equipping and empowering Christian leaders. That said, I will continue to be a life-long friend of, and advocate for, Equipping for Life; a ministry that it has been my honour to be part of.

Finally, Brother David, in 2017, knew that God had equipped him for more

and, as a result, 'Equipping for Life' was birthed. Regardless of what age or stage of life you are at, be assured that God has 'equipped you for more'!

A view from 2 new Reading Programme Teams

Paul Toombs, Team Leader, Mountnorris Primary School, Co. Armagh

The team from Mountnorris Presbyterian Church of Edith, Roberta Sharon and Paul Volunteering at Mountnorris Primary school are deeply committed to supporting the children through our partnership with Equipping for Life. It is incredibly rewarding for us personally to help in some small way. We hope our presence can have a positive impact on the nurturing of these young lives, that our involvement boosts children's confidence, encourages their participation, and fosters a sense of community within the school and surrounding area. We also value the opportunity to gently share the good news of the Gospel, reflecting on the love of our Lord Jesus Christ.

Next term, we're eagerly anticipating deepening our connections with the children, exploring new ways to engage them in fun and educational activities. We look forward to continuing to be a supportive presence, helping them thrive both academically and personally, and further strengthening the wonderful bond between our church, Equipping for Life and the school, always looking to share God's love and the Good News that the Gospel brings to everyone.

Lorna Brown, Team Leader, Silverstream Primary School, Greenisland

Starting a new team of readers in Silverstream School was simply the best thing that has ever been introduced in the school. The team gelled well together with enthusiasm and optimism.

We met before the group started in the school and introduced our backgrounds and ourselves. We all had the same goals and the trust was instant. We agreed to create an atmosphere where voices were heard and valued, fostering a sense of belonging for both the adults and the children. After the session is over it is very important to offer an opportunity to debrief and to pray as a group.

Ultimately, we hope to enhance young readers to their full potential, nurturing a generation of thoughtful, empathetic and lifelong readers who are well equipped for future success.

EfL's Reading Programme — Survey of Principals

In the late Spring of 2025 we sent out an online survey to Principals of our partner schools about EfL's Reading Programme. We were keen to find out if the service that we provide meets the requirements of the school and whether there were positive outcomes for the pupils involved. Almost 55% of the Principals responded and many provided detailed feedback.

Level of Service:

All of the Principals, who responded, indicated that EfL clearly outlines what service it provides and delivers the service.

Impact on Pupils:

100% of the respondents indicated that the Reading Programme has a positive impact on the pupils.

EfL has made a significant impact on the lives of our children. That valuable dedicated one to one time is the highlight of our children's week.

Pupils have gained confidence, enjoy reading more and improved reading scores....

Positive Impact on self-esteem, reading accuracy, feelings toward reading, enjoyment for reading, social skills and pupil self-belief.

Pupils have an increase in willingness to read aloud.

Very happy with provision.

Happy with service and communication.

Keep doing what you are doing and I pray that it is blessed as the volunteers have blessed my school

We are very happy with the service and the way the adults work with the pupils.

Volunteering for EfL

At the Volunteer Celebration Events in June 2025 our wonderful Equipping for Life volunteers were asked to complete a short survey about their experiences of working with the children in our partner schools. Almost 40% of our volunteers completed the survey and the results show that volunteering has a very positive impact on the volunteers' lives. Of those volunteers who responded:

100% of volunteers

'agree' or 'strongly agree'

"Volunteering with EfL helps me make a positive contribution to society."

82% of volunteers

'agree' or 'strongly agree'

"Volunteering with EfL has made me feel better about myself."

98% of volunteers 'agree' or

'strongly agree'

"Volunteering with EfL has helped me to make new friends."

48% of volunteers

'agree' or 'strongly agree'

"Volunteering with EfL has improved my mental health."

68% of volunteers 'agree' or

'strongly agree'

"Volunteering with EfL helped my personal confidence."

88% of volunteers 'agree' or 'strongly agree'

"Volunteering with EfL helped me to have a better understanding of why reading, particularly with children, matters."

Volunteering in Downpatrick Primary School

Being part of Equipping for Life and volunteering as part of a reading team has been one of the most rewarding and memorable experiences I've had. The organisation's mission to create a space where children feel valued, supported, and empowered to unlock their full potential truly resonated with me. I was privileged to be part of a reading group, where my role involved encouraging and helping children improve their reading skills.

Each week, I worked closely with a small group of students, guiding them through books, supporting their comprehension, and celebrating their progress. It was inspiring to see how a little time, patience, and encouragement could have such a lasting impact. The children not only became more confident in their reading, but also began to enjoy it! It was something that was heartening to witness.

Seeing their reading levels rise and knowing that they were performing better in class was incredibly fulfilling. I genuinely felt I had made a difference, not just in their academic development, but in how they viewed themselves as learners. The warmth, enthusiasm, and appreciation from both the children and the team at Equipping for Life made the experience even more special.

Volunteering here reminded me that small acts of support can shape brighter futures. I would wholeheartedly encourage others to get involved with Equipping for Life as it's a place where change truly happens.

BILLY FYFFE,

Former Team Leader, Downpatrick Primary School (Billy has moved to a different area and is no longer able to volunteer in Downpatrick.)
